

**Green Grape** With bright yellow-green clusters that look like bunches of large Muscat grapes, Green Grape tomatoes have a sweet flavor and bright acidity that call for creamy cheeses and rich fillings. A chef's favorite.

## Green Grape Tomato Appetizer

Stem 8 ounces **Green Grape** or other cherry tomatoes; cut in half lengthwise. If needed, trim a little off rounded side so tomatoes sit stably. Mound about  $\frac{1}{2}$  teaspoon **chèvre** (fresh goat cheese; you'll need about 2 $\frac{1}{2}$  oz. total) on each cut side. Sprinkle with **fresh-ground pepper** to taste. Makes about 20 appetizers.
